## Plan Ahead for Our Summer Fun Service Project

We will have a “**Summer Fun**” theme for the boys at the MCV. At the Birthday Dinner in April, we would like you to bring items that the boys can use in the summer. From the MCV Wish List, we chose these items to donate:

- Gym bags
- Beach towels
- Swim trucks (Men S, M, L)
- Team t-shirts (Men S, M, L)
- Adult size baseball mitts (new or gently used - (Try looking at *Play It Again Sports* for good deals)
- Drink bottles

To save some money, we suggest several members team up and fill a gym bag with summer goodies.

### In Memoriam Abby Joel Roach

August 18, 1938  
November 29, 2008

Abby was one of the first teachers to welcome me to my new teaching position with Wayne-Westland Community Schools in 1976. She was the Learning Consultant, and I was a fairly new teacher, who needed as much help as her kindergarten students did. Fortunately, although I didn't realize it at the time, I had the opportunity to learn from the best, and Abby and I became life-long friends, and colleagues.

Abby had a love of history, and art, as well as a love of education and children. In addition to being an accomplished educator, Abby was a talented artist in her own right, creating works of primitive art, Fraktur \*, and calligraphy. Her homes in Michigan and Florida were filled with beautiful works of art of every kind, from her every day dishes to the ornaments on her Christmas tree. Each item was unique and had special meaning to Abby. She had a gifted eye, and would often pick up pieces from unknown artists who would go on to become prominent in their field.

Abby was a lifelong learner, taking classes throughout her life. She, with many of her friends, took classes at Greenfield Village,

## Sprouts from Seedlings

Debra Bonde

As we review our sales and distribution numbers from 2008, a couple of things become very clear: individuals, schools, and libraries may not have the funds to purchase books but the need for Braille books is still very real.

Last year we distributed 22,605 Braille books and articles, 5005 of which were given away. Several of our "free" programs accounted for 22% of the total **1,056,256 pages** of Braille produced in 2008. Although sales fell somewhat short of our projection, we gave away 19% more books and articles than in 2007. How can we do this with the economy stumbling and sales lagging?

We are extremely fortunate to have the most faithful, dedicated group of donors and volunteers that any organization could ever hope for. In trying years like 2008, our donors may give a little less but they still give. Our volunteers remain available for whenever and whatever we need and never let us down. With the help of all of you, we are able to keep supplying young Braille readers with the books they want and need. Thank you! Thank you! Thank you!

May your hearts be joyful and your blessings many in this new year.

### The 22<sup>nd</sup> Annual Seedlings Bowl-a-thon

Sunday, March 22 at 12:00 PM

Super Bowl in Canton, Michigan

The Bowl-a-thon continues to be our biggest yearly fundraiser, gathering together old friends and new supporters, giving everyone a fun afternoon of bowling along with a chance to win great prizes. Come and join us! Sign up to bowl or to pledge a bowler on our website,

[www.seedlings.org](http://www.seedlings.org), or call the **Seedlings** office at 734 427-8552. Registration deadline is March 7, 2009.

## CELEBRATING BRAILLE

January is *Braille Literacy Month*. On January 4, 1809, Louis Braille was born in Coupvray, France. After becoming blind at the age of 3, Louis Braille attended school in Paris where he developed a Braille code by the time he was 15, forever changing the world for people who cannot see. An accomplished musician, he also developed a music Braille code and co-invented the first dot-matrix printer. As we acknowledge the 200<sup>th</sup> anniversary of Louis Braille's birth, we pause to reflect on this remarkable man, the challenges he faced, and the legacy he left.

On a more personal level, **Seedlings Braille Books for Children** will officially be 25 years old on July 13, 2009! Since 1984, Seedlings' mission has not changed. We still produce high quality books, sell them at low prices, provide free books to those who are in need, and ship to visually impaired children all over the world. Watch for more news of our official 25<sup>th</sup> anniversary celebration later in the year.

## MARCH IS READING MONTH

*Reading Month* is a perfect opportunity for Seedlings' Community Outreach staff to visit local elementary schools and talk about the importance of reading for all children. As the students learn about Braille and how it is used by visually impaired children, they often begin their own reading competitions and use them to raise funds for Seedlings! Many Braille books are sent out each year bearing the names of the schools whose fundraising efforts have made their production possible. We thank all of the teachers and students who give of their time and energy to help enrich the lives of others.

where she had a special association with the Village and its schools. She belonged to the Dearborn Genealogical Society, and many professional and historical organizations.

As a lifelong learner, Abby embodied the spirit of Delta Kappa Gamma. We joined Delta Kappa Gamma as charter members of Gamma Alpha in 1979, and Abby quickly volunteered to be the Historian. She was proud of her membership in Delta Kappa Gamma, and began as active member, serving not only as Gamma Alpha's Historian but as Treasurer, and in other capacities, as well.

One of my favorite memories is of Abby and I attending our first State Convention in 1979. Representing the "new chapter" and members of one of the only chapters not wearing gloves during the Procession of Presidents, we were particularly nervous about our dress and how we appeared to others. At the convention luncheon, tables were quite close together, and as we squeezed by to get to our table, Abby brushed against a salad, getting oil all over the back of her dress. We quickly went back to our room, washed the back of her dress, dried it with a hair dryer, and made it back to the luncheon!! The proof is in the photo of Volume I, *A History of Gamma Alpha*, which Abby helped to put together for us.

Abby was dearly loved by her friends, family, students, colleagues, and Delta Kappa Gamma Sisters. She is already sorely missed, but her talented, generous, compassionate, and accomplished contributions to our lives will not be forgotten.

Sincerely,  
Sherry Green

*("Fraktur art is naive art at its finest. It corrals folk art, family, and American values tinged with a strong dose of Old World heritage." Corinne and Russell Earnest. I had to include this definition of Fraktur, for it is also descriptive of Abby and her love of folk art, family, and American values and her quest to study and appreciate the people and events of the past.)*

## Book Talk Death by Darjeeling

By Laura Childs

I was recently introduced to a series of new books written by Laura Childs. Theodosia Browning is the owner of Indigo Tea Shop in Charleston, South Carolina. Theo's maturity and wisdom seem to go beyond her thirty-six years, making her an easy hostess with customers of all ages. Her business is growing in the historic tourist town and she is building a strong, knowledgeable staff: Drayton Connelly, tea sommelier, Haley Parker, Theo's clerk and baker, and Bethany Shepherd, Haley's roommate, who fills in on occasion.

Theo also caters local events, most recently the Lamplighters Tour, tours of the historic homes of Charleston. During one of the stops, local developer Hughes Barron drops dead after a cup of Theo's special blended tea.

Not wanting to besmirch her shop's good name, Theo decides to look into Hughes's death on her own and soon learns that Charleston may not be the genteel

picture of southern towns it purports to be. Theo finds local historians at odds with real estate developers and all too soon realizes the problems may hit closer to home than she would like.

The mystery remains a little unfocused and it takes Theo and the police longer to solve the mystery than it will take most of you. Once Theo settles on her choice of suspects, she is oblivious to all other clues and puts all her energies into proving her suspect is the culprit.

**Death by Darjeeling** is a good beginning to a new culinary series that will quickly become a favorite of those who enjoy a light mystery. The setting is cozy and inviting. There are even tea recipes and tips on how to brew a proper pot of tea. Once reading this mystery, I think you will want to return to the Indigo Tea Shop for a second cup of tea. and maybe a scone.

### Blueberry Scones

Real British scones are often like British humor, sometimes dry and tasteless. Try this recipe for scones that have the moistness of muffin, the richness of clotted cream and jam, and the super-flaky crumb of a good biscuit.

#### Ingredients:

- 16 tablespoons unsalted butter (2 sticks), frozen whole
- 1 1/2 cups fresh blueberries
- 1/2 cup whole milk
- 1/2 cup sour cream
- 2 cups unbleached all-purpose flour  
*plus additional for work surface*
- 1/2 cup sugar (*plus 1 tablespoon for sprinkling*)
- 2 teaspoons baking powder
- 1/4 teaspoon baking soda
- 1/2 teaspoon table salt
- 1 teaspoon grated lemon zest

#### Procedure:

1. Adjust oven rack to middle position and heat oven to 425 degrees. Score and remove half of wrapper from each stick of frozen butter. Grate unwrapped ends on large holes of box grater (you should grate total of 8 tablespoons). Place grated butter in freezer until needed. Melt 2 tablespoons of remaining ungrated butter and set aside. Save remaining 6 tablespoons butter for another use. Place blueberries in freezer until needed.
2. Whisk together milk and sour cream in medium bowl; refrigerate until needed. Whisk flour, 1/2 cup sugar, baking powder, baking soda, salt, and lemon zest in medium bowl. Add frozen butter to flour mixture and toss with fingers until thoroughly coated.
3. Add milk mixture to flour mixture; fold with spatula until just combined. With rubber spatula, transfer dough to liberally floured work surface. Dust surface of dough with flour; with floured hands, knead dough 6 to 8 times, until it just holds together in ragged ball, adding flour as needed to prevent sticking.
4. Roll dough into approximate 12-inch square. Following Fold dough into thirds like a business letter, using a scraper or metal spatula to release dough if it sticks to countertop. Lift short ends of dough and fold into thirds again to form approximate 4-inch square. Transfer dough to plate lightly dusted with flour and chill in freezer 5

minutes.

5. Transfer dough to floured work surface and roll into approximate 12-inch square again. Sprinkle blueberries evenly over surface of dough, then press down so they are slightly embedded in dough. Try not to smash them into the dough. Using your scraper or metal spatula, loosen dough from work surface. Roll dough, pressing to form tight log. Lay seam-side down and press log into 12 by 4 inch rectangle. Using sharp, floured knife, cut rectangle crosswise into 4 equal rectangles. Cut each rectangle diagonally to form 2 triangles and transfer to parchment-lined baking sheet.
6. Brush tops with melted butter and sprinkle with remaining tablespoon of sugar. Bake until tops and bottoms are golden brown, 18 to 25 minutes. Transfer to wire rack and let cool 10 minutes before serving.

#### Notes:

It is important to work the dough as little as possible - work quickly and knead and fold the dough only the number of times called for.

The butter should be frozen solid before grating. While the recipe calls for 2 whole sticks of butter, only 10 tablespoons are actually used. You are using the extra amount of butter to hold onto while grating it.

If fresh berries are unavailable, an equal amount of frozen berries (do not defrost) can be substituted. An equal amount of raspberries, blackberries, or strawberries can be used in place of the blueberries. Cut larger berries into 1/4 to 1/2 inch pieces before incorporating.

Refrigerate or freeze leftover scones, wrapped in foil, in an airtight container. To serve, remove foil and place scones on a baking sheet in a 375-degree oven. Heat until warmed through and re-crisped, 8 to 10 minutes if refrigerated, 16 to 20 minutes if frozen.

## Gamma Alpha Member News

Hi everyone,

Thought I would give you an update on our little guy. Everyone had a great Christmas. Jonah had his port taken out before Christmas and right after Christmas he received his hearing aids. He doesn't seem to mind wearing them. He had another scan last Tuesday as a part of the vaccine research. He also had his regular blood work.

JoAnn has been taking him to the sports center in Canton to kick around the soccer ball. Last Tuesday, for the first time since last January, he played with other 4 year olds.

On February 8, 2009 at 1:30 our Wayne Rotary Club is sponsoring a **Best Friends Forever Benefit Tea and Fashion Show** in honor of Jonah at St. Mary's Activity Center in Wayne. Presale tickets are \$12 for adults and children (under 12) for \$8. Tickets at the door are \$15 for adults and \$10 for children. You can buy tickets at St. Mary's school office, Wayne Chamber of Commerce, or The Acorn Shop. The proceeds from the event will help to pay for medical and other expenses not covered by insurance. Tax deductible donations can also be made to the non-profit Children's Neuroblastoma Cancer Foundation whose mission is to encourage and support research to reveal causes and discover effective treatments for the disease.

We feel very blessed to have so much support. 2008 taught us things we would have rather not known, but it also showed us how many wonderful people there are to be thankful for and prayers can definitely be answered.

Hope all of you and those around you have a great 2009.

Judy Hurley

fund so members can be granted stipends for attending and presenting workshop sessions and eventually for special speakers at our State Conventions and Fall Workshops. The tickets sell for **\$15** each. The raffle is for your choice of a week in Stowe, VT during the summer of 2009 or 2010, or a week at the Waikiki Beach Walk Resort in Honolulu during the winter or spring of 2009 or 2010. Raffle tickets will be on sale at the January and March meetings. A brochure about the prizes accompanies each ticket. The winner will be drawn at the State Convention In May and you need not be present to win.

## President's Message

Dear Gamma Alpha Sisters,

I hope you enjoyed the holidays with friends and family. 2008 was a roller coaster of a year. We participated in an historic election while we watched our retirement investments diminish with the economy. In spite of "shrinking wallets" Gamma Alpha sisters generously donated ten Simply Fun games to the Methodist Children's Home. We received a nice thank you letter from the Home. As the year neared an end, we lost a charter member, Abby Roche. For those of you who were fortunate to have known Abby, you feel the loss of a trusted mentor and talented friend. Abby maintained a gentle spirit while rheumatoid arthritis took its toll on her body. She will be remembered in the White Roses ceremony at our state convention in May.

The New Year continues to bring hope to the optimists. I started "100 Days to Health" with the Livonia Recreation Center, hoping to shed some signs of my overindulgence. I also encouraged more 60's to participate as a synchronized swimming team entry in next fall's national meet in Florida. Challenges keep you going!

As a Chapter Challenge, remember to invite a prospective member to an upcoming meeting. On January 28th we have a presentation on the "One Crayon Project", by Melissa McDermid, a Farmington teacher and Delta Kappa Gamma member. She will share her experiences in Tanzania. We are postponing our scheduled initiation of new members until our April meeting when both new members should be able to attend.

Please reserve your theater seat for our April 22 trek to the Tipping Point Theatre to see "The Complete Works of Will'm Shakespeare," Abridged". I'll need \$16 check to Gamma Alpha to pre-order the group tickets.

Plan on joining us at the Crowne Plaza Hotel in Grand Rapids for the Alpha Iota State Convention, May 1 -3. Our chapter knows how enjoy the moments!

I hope to see you at our upcoming meeting. Stay warm and wonderful!

*Fran*

### Research

One of the Seven Purposes of Delta Kappa Gamma is to **Inform** members of important issues. So...

#### Who is better at Math?

If you still subscribe to the stereotype that boys are better at math, please note that the research doesn't support it. Looking at standardized math scores from over 7 million children in early elementary through high school, researchers at the University of Wisconsin found no differences between the genders.

Hyde, J. et al. (2008). *Science*, Vol. 321 (5888), 494-495.

#### New Teacher Mentoring

There is too much here to include in the newsletter regarding research on mentoring new teachers. So I am listing a link members can go to for information. This is an article by Harry Wong. It includes a list of activities that might stimulate our thinking. Enjoy.
